

What Happens When I Die?

If you could know when and how you are going to die, would you want to know? Why or why not?

Have you ever experienced the death of a person who was close to you, such as a grandparent, parent, friend, or teacher? What was that like for you?

Why is the topic of death scary for some people?

If you could design heaven, what would it be like?

Do you believe that we humans are accountable at the end of our lives for our actions?

If we are not perfectly united with God at the moment of our death, what difference might this make?

Does a discussion of death help to ease your fears or does it increase them? Explain.
