

How to Upload Students

[Download this template so you can get your class list in the correct format.](#)

You will need to create a separate csv file for each class within a grade level. Here are a few tips to make it easier:

Row 1: Keep all of the data in row 1

Rows 2+:

- Fill in your students first & last name
- Delete <email> but keep the word "email" at the head of Column C
- Add a username for each student in column D. Your standard username will be: First-Last1 (example: SamJohnson1).

Please note if your student has a hyphen or any special characters in their name, please remove the special character from the document. The program does not work with any special characters.

For example Maria-Anna Martinez should be entered MariaAnna (Column A) Martinez (Column B) and MariaAnnaMartinez1 (Column D)

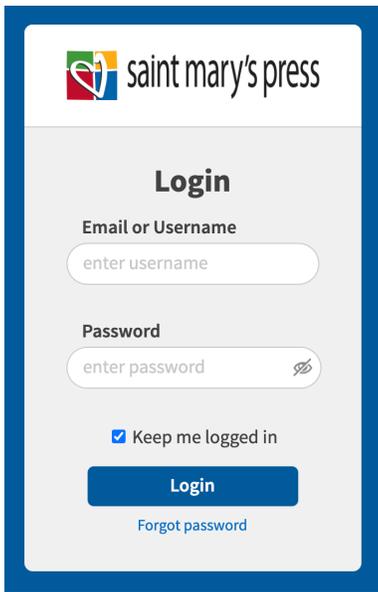

It should look something like this when you are finished:

	A	B	C	D	E
1	First Name	Last Name	Email	Username	
2	Samantha	Johnson		SamanthaJohnson1	
3	Adeline	Sitz		AdelineSitz1	
4	Luke	Swed		LukeSwed1	
5	Cam	Martinez		CamMartinez1	
6	Lily	Lawrence		LilyLawrence1	
7					
8					

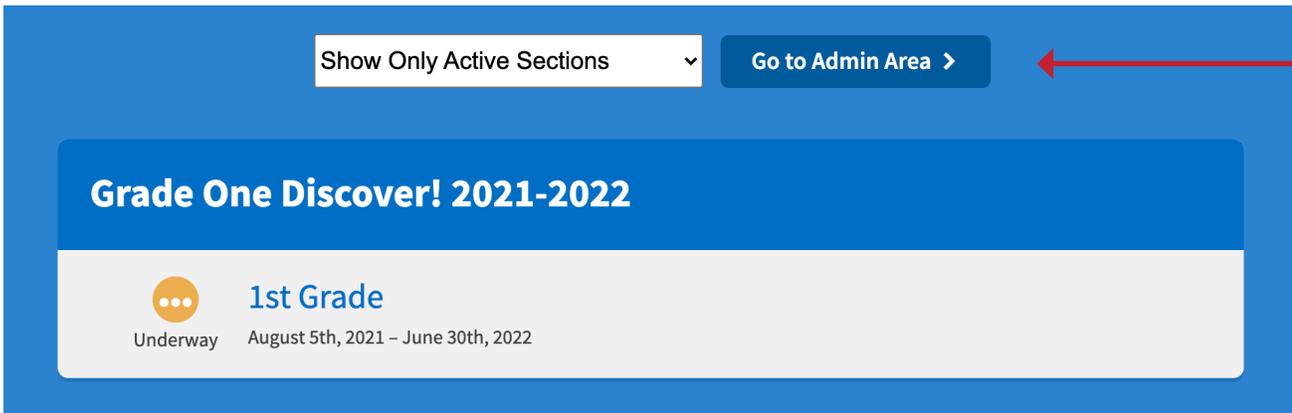

Save your list as a .csv file.

If you have more than one class, save a separate list for each class.

1. Go to mlearn.smp.org and log-in with your username and password.

2. Then click "Go to Admin Area"

3. Select "Manage Sections" for the course you want (Discover Grade 1, Catholicism 101, etc)

9. You’ll see the “success” message once you’ve uploaded. You can now hit the x in the upper right corner if you are finished.

If you have more students to upload you can go to “add student” and add one at a time. This will add more students to this same class.

If you have a second class for this same grade to upload—walk through these steps again for a different section.

If you have another grade, go back to courses, select the course for that grade and walk through the steps again.

Success! Your students are now enrolled in Review.

10. Hit “refresh” on your browser and the students will appear at the bottom of that page:

Name	Enabled?	Suspended?	Assign to Section:	<input type="radio"/> Suspended	<input checked="" type="radio"/> Not Suspended	Update
Greg Andrews	Yes	No	Review	<input type="radio"/>	<input checked="" type="radio"/>	Update
Jon Drake	Yes	No	Review	<input type="radio"/>	<input checked="" type="radio"/>	Update
Mia Johnson	Yes	No	Review	<input type="radio"/>	<input checked="" type="radio"/>	Update
Cindy Lou	Yes	No	Review	<input type="radio"/>	<input checked="" type="radio"/>	Update

11. Your students are now uploaded—you should get an email with username and passwords—if your email gets stuck in sam or your don't see it, the passwords generate as FirstnameLastname. For example, pLily Lawrence's password would be LilyLawrence.

Be sure to share the username and passwords with each family. They will want to bookmark mlearn.smp.org—if they click “keep me logged in” they won't have to type it in each time.

12. Please note—you may see a note that says “You have more Registered Students than Total Seats” and notice a negative number. You can ignore that, we may have put our bet guess in when we set you up and will adjust that number at some point during the year.

Course Seats

You have more Registered Students than Total Seats in one or more courses, as shown in the table below. Please call Saint Mary's Press at 800-533-8095 so that we can get you more seats.
