

Visual Meditation on the Ascension

1. How does the image symbolize Jesus' "location" after the Ascension?
2. Who are witnesses to the Ascension?
3. What do you notice about those present? What are they doing? What do their poses and body language communicate?
4. How is this image similar to or different from the scriptural account of the Ascension?
5. What else does this image communicate to you about the Ascension—its significance for the artist and for us today?
6. What do you think was the most important element or aspect of the Ascension the artist was trying to communicate? How did he or she do that?
