

Unit 5 Preassessment

In unit 5, we will be studying the role faith plays in our lives as Christians. Take a few minutes to think about how faith, religion, prayer, and discipleship can be important components in our relationship with God. In the box labeled "Faith is," describe what the term *faith* means to you, using your own words. Ask yourself if you have any questions about the role of faith in your life as a Christian. Write a question in the part of the circle next to the "Faith is" box. Do the same for each of the three remaining boxes—"Religion is," "Prayer is," and "Discipleship is."
