Below are five statements, written in code, about the human person. Each letter of the alphabet is represented by a symbol. The same symbol represents the same letter in all statements. Review chapter 5 in *The Catholic Connections Handbook*, then try to decode the statements. To get you started, the symbols for eight consonants and four vowels have been provided.

$$A = \stackrel{\leftarrow}{\rightarrow}$$
  $D = \stackrel{\leftarrow}{\rightarrow}$   $E = \downarrow\uparrow$   $H = \stackrel{\leftarrow}{\leftarrow}$   $I = \stackrel{\rightarrow}{\rightarrow}$   $L = \Omega$   
 $M = U$   $N = \stackrel{\leftarrow}{\rightarrow}$   $O = \stackrel{\leftarrow}{\rightarrow}$   $R = \stackrel{\leftarrow}{\rightarrow}$   $S = \stackrel{\frown}{\sim}$   $T = \stackrel{\frown}{\sim}$

## SOLUTION—THE HUMAN PERSON

- 1. Being human means we are not perfect and that we do not always understand why things happen the way they do.
- 2. Human beings are made in the image of God and have the ability to love and care for one another.
- 3. The human person is made up of a physical body and a soul, which is the spiritual element that gives life and survives after death.
- 4. Although human beings are not born evil, we all have the wound of original sin from birth.
- 5. Temptation is something that makes sinful things seem fun, and original sin makes it hard for us to say no to temptation.
