

# Continuity between the Old and New Testaments

Use an online source, such as the Lectionary of Readings found at the USCCB Web site, to locate the Scripture readings for the coming Sunday. Read each of those readings in your Bible, then respond to the following. Provide the Scripture citation (book, chapter, and verses) for each reading and a summary of the passage. Then write a paragraph or two clearly explaining the connections between the three readings. Be sure to give specific examples from each passage that support your understanding. (*Note:* It may help to think chronologically—that is, from Old Testament to New Testament to Scripture that follows Christ’s Resurrection and Ascension.)
