The training modules are designed so that teachers might complete them individually and in their own time. Each person should have a Teacher Guide, *The Catholic Children's Bible*, and the appropriate grade-level folder when participating. Each module will take about 15 minutes to complete and can be paused and returned to for convenience. Here's what is covered:

- *Discover!* Program Overview
- A Walk Through the Teacher Guide
- Understanding Biblical Literacy and *The Catholic Children's Bible*
- Engaged, Active Learning
- Building Relationships and Engaging Parents

The training modules are not grade specific. All utilize the same structure and methodology.
