

# Measuring Fixed Costs

Estimate the following fixed expenses you would have if you were living independently. Assume that you would be living with a roommate in a two-bedroom apartment, that you would split the housing costs with your roommate, and that you would own your own car. Seek information about expenses from parents, other adults, apartment managers, and so on. Calculate the expenses on a monthly and a yearly basis.

Expenses	Monthly	Yearly
<b>Housing</b>		
Rent	_____	_____
Electricity	_____	_____
Telephone	_____	_____
Heating	_____	_____
Water	_____	_____
Garbage	_____	_____
<b>Food</b>		
	_____	_____
<b>Car</b>		
Gas and oil	_____	_____
Repairs, maintenance	_____	_____
<b>Insurance</b>		
Health	_____	_____
Car	_____	_____
Household	_____	_____
