

Freshman Orientation

Write a one-paragraph description of your freshman orientation. Include the activities you engaged in throughout the day, as well as your personal experience. Direct your paragraph to one of the following audiences, per your teacher's instruction:

- *your parents*
- *a student applying to be a ninth grader next year*
- *your friends*
- *the principal*

Because you are writing to a particular audience, be mindful of what that audience will want and need to know about your experience.
