## Visual Meditation on the Ascension

1. How does the image symbolize Jesus' "location" after the Ascension?
2. Who are the witnesses to the Ascension?
3. What do you notice about those present? What are they doing? What do their poses and body language communicate?
4. How is this image similar to, or different from, the scriptural account of the Ascension?
5. What else does this image communicate to you about the Ascension, its significance for the artist, and for us today?
6. Based on what you see in the image, what do you think the artist felt was the most important element or aspect of the Ascension? How did he or she communicate that?
