

# Saint Mary's Press eBooks Frequently Asked Questions:

## What kind of eBooks are these?

These are truly interactive eBooks! With features like videos, quizzes, slideshows, prayer cubes, and links baked right into the reading experience!

Plus, you'll get the features you've come to expect from an eBook—like highlighting, note-taking, and glossary.

## What kind of device do I need?

Our eBooks can be accessed on any internet-enabled device via our SMP eReader app, or online/offline.

## Is it easy to use?

YES! We designed this experience to remove any barriers—those young and old(er) will be able to easily navigate the purchase experience as well as the interactive books!

## Where do I go when I need help?

Help (from a real person!) is but a call or email away. Jenelle is your digital account manager. Call her at 1-866-457-7921 or send Jenelle an email at [jjensen@smp.org](mailto:jjensen@smp.org).

## What if my school purchases the books for my students?

We will generate a code for each class and give students a login link with an access code. You never have to supply an email list or give names! We make it simple—no hoops to jump through.

## What if my students purchase the books by themselves? How does that work?

It's easy! We will give you the URL to provide to your students. They will then purchase their books, download the app, and their books will be in their app library.
