

Journaling on Discipleship

Please respond to each of the following questions as thoroughly as possible.

1. If Jesus asked you to explain to him what it meant to be his disciple, how you would explain it?
2. If Jesus asked you to be his disciple by ministering to the poor and marginalized, how could you do it?
3. Is there anything that Jesus could ask you to do that you would not be willing to try?
4. What would need to happen for you to feel comfortable entering into the deep, trusting relationship with Jesus that being a disciple requires?
